A/E 1 GOVERNOR TROUBLE

To : Pak Hari Joko, Pak Eko

Dear,

Kami beritahukan bahwa pada hari Selasa tanggal 07 February 2023, Jam 19.50 LT AE 1 terjadi trip dan tiba-tiba engine AE 1 stop (blackout) serta Main Engine shut down.

Jam 19.52 start AE3 dan AE2 dilanjutkan dengan parallel, setelah itu jam 20.05 kami start Main Engine sampai normal running (Nav. Full). Untuk saat ini kami running generator menggunakan AE 3 dengan bahan bakar DO.

Bersamaan dengan itu kami lakukan pengecekan AE1 diantaranya line fuel (normal), turning, check Con. Rod AE1 all cylinder (good condition), check turbo lewat blower side (good condition), setelah itu blow up engine (good condition), selanjutnya kami lakukan start engine AE1 tidak bisa jalan (not running / upnormal). Kami temukan governor AE1 out of order (tidak bekerja dengan normal).

Mohon sampai pelabuhan suralaya governor AE1 diganti berserta teknisinya dikarenakan governor asli ex AE1 di bawa oleh PT. BERCA PERSADA INDONESIA.

Demikian laporan ini kami buat dengan sebenarnya, terimakasih atas perhatiannya.
